## UNIQUE FORGINGS (INDIA) PVT. LTD.

We produce technically advanced industrial forged parts and machined components.

Through years of experience, skill and industry-knowledge, we are able to meet our clients' growing needs easily.

We at **Unique Forgings (India) Private Limited** started in **1987**, and expanded further to delivering forged parts and components as per industry standards.

We also provide custom-built forging solutions, keeping a strict watch over quality and consistency.

We served industries such as **Automobile, Railways, Oil & Gas, Material Handling Equipment, Hydraulic, Power Transmission, Heat Exchanger etc.**

Time passed, and we became a **Private Limited Company on 30th March, 2007**. Everything happened just because of our quality deliverances and commitment to our clients.

We have built-up area of over **3,50,000 square feet** at **GIDC VITHAL UDYOGNAGAR INDUSTRIAL ESTATE, ANAND, GUJARAT, INDIA.**

Our ultra modern production units as well as facilities are spread over land an area of **more than 60,000 square yards imperatively.**

## VISION

To make company most favored by everybody. Continual improvement in technology and infrastructure will help to be the first choice of customers. Setting of objectives at every level for improvement and growth, efficient use of man, machine, material, fuel and energy will put company on top position.

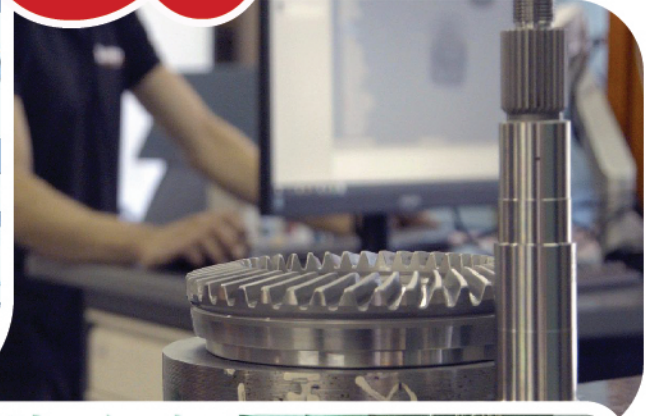

# INFRASTRUCTURE

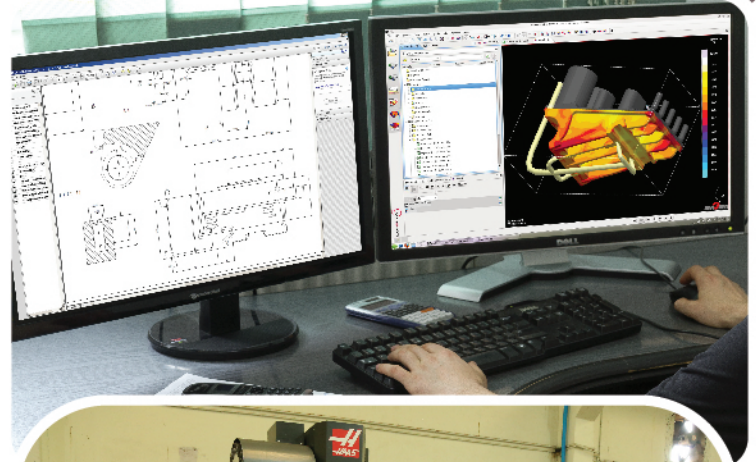

ENGINEERING

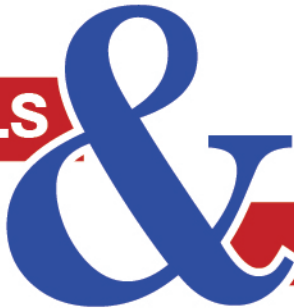

DESIGNING

We have a designing department which designs die blocks of various components according to the demand of various customers using CAD/CAM Software. We even do changes in the existing design of component of various clients to improve the efficiency of that component.

TOOLS

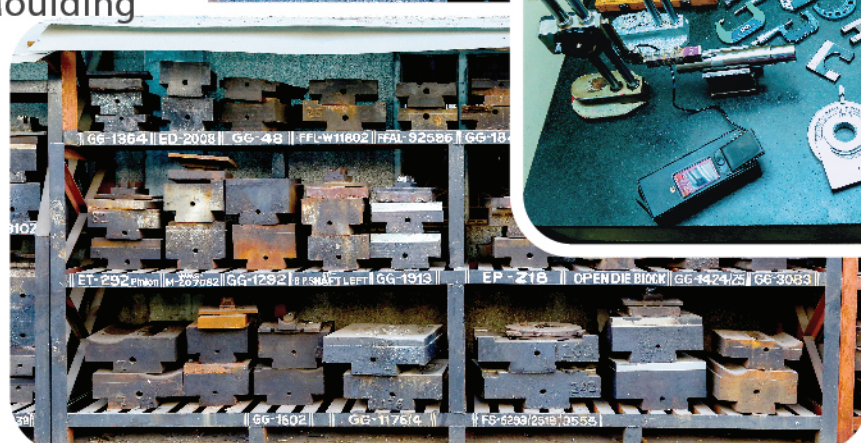

DIE

A well-equipped and spacious tool room for making the Dies, Jigs & Fixtures using CAD-CAM Facility, including separate inspection facility.

Milling Facilities for Die Moulding are as under:

- 1.) DMG Make
- 2.) OKK (Japan) Make
- 3.) Haas (US) Make
- 4.) BFW & Jyoti Make

# INFRASTRUCTURE

## CUTTING SHOP

## FORGING SHOP

### CUTTING SHOP

The cutting shops are equipped with band saws, billet shearing presses with dedicated handling facility and material storage area.

### FORGING SHOP

#### **Close Die Forging:**

We manufacture close die components as follow:-

MAXIMUM WEIGHT	50 KGS
MAXIMUM DIAMETER	300 MM
MAXIMUM HEIGHT	300 MM
MAXIMUM LENGTH	1000 MM

#### **OPEN DIE FORGING :**

We do have a hammer of 1 ton in open forging along with its manipulator up to 3 ton single piece capacity.

MAXIMUM WEIGHT	3000 KGS
MAXIMUM DIAMETER	1000 MM
MAXIMUM HEIGHT	600 MM
MAXIMUM LENGTH	600 MM

#### **FRICTION GRIP SCREW PRESS:**

We do have friction screw forging press along with its induction heating and gathering machine.

#### **UPSETTER FORGING**

Flange Dia up to 160mm  
Length up to 3mtr  
Barstock Dia up to 100

# INFRASTRUCTURE

## HEAT TREATMENT

The Heat Treatment Shop is equipped with a number of furnaces to carry out various **types** of heat treatment processes like normalizing, ISO Thermal Annealing, Hardening & Tempering and Carbide Solution Annealing.

## MACHINING

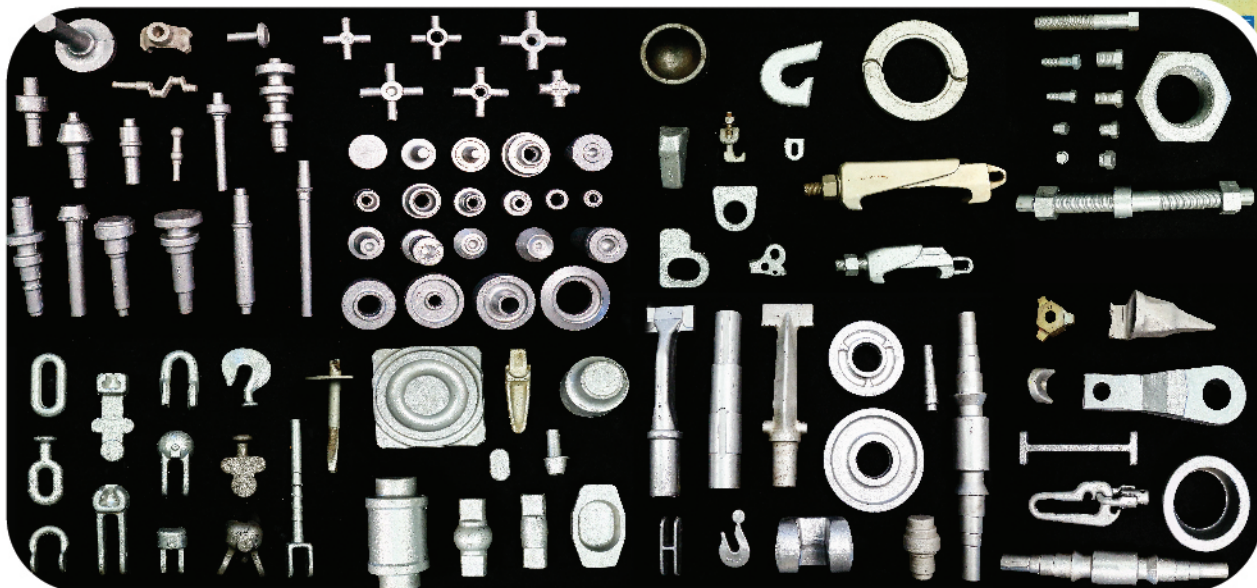

The machine shop is equipped with a number of machines including turning centers, vertical machining centers and inspection facility to meet close dimensional accuracy and excellent surface finish with repeatability.

## QUALITY INSPECTION

We have well-established metallurgical, physical & NDT Testing facility to cover **various chemical, metallurgical, physical, and mechanical & NDT tests**. Various types of gauges, instruments and equipment for measurement and inspection are available.

## OUR PRODUCTS

# ASSOCIATE FIRM

## UNIQUE INDUSTRIES (MACHINING UNIT)

 1915, G.I.D.C. Estate, Phase IV, Vitthal Udyognagar-388121  
Dist-Anand, Gujarat, India
